City of Screws-Jasmine Nadine Trice 2021-02-26 In City of Screws Jasmine Nadine Trice examines the politics of cinema circulation in early-2000s Manila. She traces Manila’s filmic landscape by focusing on the primary level of circulation, film exhibition, with special attention on the home video industry, university film institute, and state-sponsored cinemathèques. In the wake of digital media piracy and the decline of the local commercial film industry, the rising independent cinema movement has been a site of contestation between filmmakers and audiences. City of Screws is a significant contribution to understanding the changing landscape of the film exhibition and distribution. It offers both a survey and an investigation into the condition and activity of contemporary filmmaking worldwide, often challenging long-standing categories and weightless—often political—dramaturgies of the medium and grounding the reader in an amassing of which is designed to prompt rethinking.

Philippine Cinema and the Cultural Economy of Distribution-Michael Kløf Lim 2018-12-18 This book explores the complex interplay of culture and economics in the context of Philippine cinema. It delves into the tension between the cultural and the economic, and the way that individual filmmakers engage with the existing distribution and exhibition systems, and investigates how existing business practices affect the sustainability of the independent sector. This book addresses the lack or absence of Asian representation in film distribution literature, and the need for a greater understanding of the local content and industry context. It also advances the discussion on the local film industry by exposing on the formal and semi-formal film distribution practices in developing Asian countries, as the Philippines is like the Philippines, China, Indonesia, and South Korea. By providing an overview of the filmic and commercial landscape in contemporary Mongolia, and drawing on existing studies on the local film industry, this book fills a gap in the literature on the filmic and cultural landscape, which has been long neglected, and is not commonly discussed in existing literature. As such, this will be the first book that looks into the specifics of the Philippine film distribution and exhibition system and provides a historical grounding of its practices.

Ghostly Desires-Julie Ferhman 2016-06-10 Through an examination of post-1997 Thai cinema and video art, Feihman shows many vernacular Buddhist rituals, stories, and images with complex and sexual politics in figuring current struggles over notions of personhood, sexuality, and collective identity. The film, drama, horror, and experimental art films are analyzed on Buddhist-informed conceptions of impermanence and providing for a complete picture of Thai film culture. In these movies, the recent Thai history is narrated through the lives and deaths of human characters often narrated alongside Buddhist stories and myths and persons and spirits. The book explores the lives of interrelated human and spiritual beings and their intermingling and their relationship to Thai culture and society. The book has been translated into Thai and Chinese and is widely read.

Shoot It! is a revealing history of how Hollywood, with its eye on the bottom line, arguably lost its ability to work with creative filmmakers; it is also a passionate portrait of the American independent film scene that has produced some of the best movies of the last two decades and inspired those in other countries to do the same. The book examines the Hollywood studio system over several decades, from the period when moguls like Harry and Jack Warner and Louis B. Mayer made quality yet commercially viable films, to today, when studios seem only interested in surefire sequels and comic-book adaptations aimed at a global audience. By the same token, Shoot It! also celebrates today's great movies produced outside of the studio system, chronicling the international independent film movement in seven countries (the United States, Canada, Mexico, Britain, France, Romania, and South Korea), from its roots (French New Wave, British kitchen sink, the New York scene) to the revolutionary impact of digital technology. It also features commentary from indie film notables such as Gus Van Sant, Mike Leigh, Claire Denis, Atom Egoyan, Catherine Breillat, Sally Potter, John Sayles, and Ken Loach. While the studios envisage a generic universe, repressing local film cultures along the way, talented independents continue to tell local stories with universal appeal. This book is a celebration of those determined filmmakers who, despite it all, overcome all obstacles and just shoot it. David Spancer is a film critic and freelance journalist in Vancouver, British Columbia.

**Contemporary Political Cinema**

Holtmeier Matthew Holtmeier 2019-01-03 The political films that have emerged on the global film festival circuit since the 1990s mark a shift in cinematic strategies for critically addressing dominant, militant, or otherwise repressive ideologies. From a focus on the representation of oppression in films like The Battle of Algiers, films such as Timbuktu, Nobody Knows About Persian Cats and Chop Shop now contribute to the active formation of political characters and viewers, a form not fully realized until the 21st century due to shifts in information technologies and resulting political organization. This book demonstrates that a contemporary form of political cinema has emerged, centered on the production of subjectivity and networks of protest, which depicts the active formation of political identities that resonates with off-screen protest movements.

**American Cinema of the 1950s**

Murray Pomerance 2005 Bringing together original essays by ten respected scholars in the field, American Cinema of the 1950s explores the impact of the cultural environment of this decade on film, and the impact of film on the American cultural milieu. Contributors examine the signature films of the decade, including From Here to Eternity, Sunset Blvd., Singin’ in the Rain, Shane, Rear Window, and Rebel Without a Cause, as well as lesser-known but equally compelling films, such as Dial 1119, Mystery Street, Suddenly, Summer Stock, The Last Hunt, and many others.

**The Psychosocial Implications of Disney Movies**

Lauren Dunes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney’s films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
