Observations On "the Spiritual Situation Of the Age": Hieber Habermans 1804 The essays in this collection provide an unusually intense portrait of a society and an age. They offer penetrating insights into past and present developments in Germany, shedding new light on that society and our own. In mid 1978, German philosopher Hieber Habermans invited a group of colleagues (chosen on the basis of an "affirmed arbitrariness") to contribute to volume 1080 of the edition suhrkamp, a series that had helped focus the intellectual revival of the German left in the postwar period. His suggested reference point for the volume was Karl Jaspers's seminal prophetic 1931 essay on "The Spiritual Situation of the Age," which appeared just two years before Hitler's assumption of power. Habermans's invitation invoked a rich set of original reflections on current political, social, cultural, religious, and intellectual life. Thomas McCarthy and Andrew Buchwalter have selected 13 of these essays with the original introduction by Habermans for inclusion in this book. The essays have been divided into five parts: Perspectives on Politics and Society (Wolf-Dietrich Niehr, Claus Oleh, Ulrich Preuss); Perspectives on Culture and Religion (Karl Heinz Bohrer, Dorothee Sölle, Jürgen Habermas); Perspectives on the Geisteswissenschaften (Jürgen Mollmann, Peter Beerper, Hans-Ulrich Wehler); Perspectives on German Affairs (Hans Mommsen, Albrecht Wellner, Horst Ehmke); Unconnected Reflections (Dieter Waehlisch). This book is eighth in the series Studies in Contemporary German Social Thought, edited by Thomas McCarthy.

Thought Perspectives of a Spiritual Warrior-Johnny Grady 2020-11-04 From what I can remember, this whole writing thing began around 2009-2010. It all started as a trick of Facebook postings. Mostly amusing messages and quotes from other people - and very occasionally, I would share my own unique perspective. Although social media is filtered with trivial, mundane information, I'm very grateful of these platforms and choose to use them for the dissemination of more uplifting and inspirational subject matter. Interestingly enough, prior to the digital age it was a real challenge for me to write even a few sentences on a consistent basis, let alone an entire paragraph. But little did I know that in 2014 that "trick" of inspirational wisdom would turn into a waterflood - which still remains consistent till this day.

And some of my insights and observations are shared in the pages that follow. Welcome to my world.

The Irreducible Primary-Rob Taylor 2017-10-04 As active cognizance of our influence on the big-picture flow of creation, in which we all participate, is the responsibility of every human being. It is only through this effort that we can understand those spiritual competencies that are most relevant to the critical causes-and-effect interactions that have the most sway over our existence. So too is it incumbent on humans to embrace the concept of unconditional love, and to understand why we alone get to take the journey toward it; it is only in a space where spirituality is allowed to surface that the very soul of life can be engaged to involve this important energy force. The Irreducible Primary is an apologetic examination of spirituality, nature, and the current state of human interaction. Here, spirituality and religious types who've grown disillusioned with religious dogmas, along with individuals frustrated with governmental and political impunity, find fresh reason for hope.

He became enmeshed in the latter controversies of post-Reformation Europe. Soon after his death, however, his masterpiece was praised by Protestants and Catholics alike as an apocryphal masterpiece." Forstner Frank shows the poets macro-economic significance in the essay that introduces his translation of these verses, and by adding a "running commentary" of sayings by the ancient Japanese and Chinese masters, with whom this Christian mystic shows a remarkable affinity."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Observations of an Artist-Terry Jo Spruell 2009-07-01 Observations of an Artist: Lived and Learned leads to a place of peace that allows you to be safe in all circumstances. Your mind will be able to think. By allowing yourself to consider the flowers of the field and the birds of the air as Christ did, you will be able to find the place where you can become the person you are created to be! As the Bible suggests, see the beauty and detail of nature. There is a plan beyond the disappointments of today. Have you just lost your job? The adventure begins by creating a new start. Trust God to show you what you need today. Ask to be given a new mind then trust that the God of creation will supply. Now use your mind and creative juices to create verses of a song to thank Him. Think hopeful thoughts, not the negative thoughts that sometimes overwhelm us in challenging times. How many of us shut down when we feel we are overloaded? Instead we must train ourselves to use creative thought. Write down the thoughts that bring dread. Use the suggestions in Observations of an Artist: Lived and Learned to free creative thought.

The Unmasterable Past-Charles S. Maier 1998-03-30 Bringing his book up to date with reflections since its first publication a decade ago, Charles Maier writes that the historians’ controversy gave Germany a chance to air the issues immediately before unification and, in effect, the controversy substituted for the constitutional debate that a united Germany never got around to holding. The premises of national community, whether formulated in terms of legal culture, inherited collective responsibilities, or patriotic habits of the heart, had already been subjects for vigorous discussion.

The Present Situation-Rick Strauss 2003-07-01 The Present Situation by Rick Strauss offers fascinating glimpses of a man who was introduced to Queen Elizabeth in 1960. In ’68 he embraced Jesus, gave away all his money (several million), and in ’83 he spent nine months in the gutter of the L.A. ghettos. Today he’s a happy “retread hippie” on the Westside. The book presents a collection of unusual but important insights into the dynamics of love and the Apocalypse-a subject which Rick has pursued since ’72. He says, “Today people are frightened by the flash bang and never get hear about the happy end. They don’t know or have forgotten Jesus takes away their feelings of inadequacy and invites them into the kingdom of heaven.” Rick discusses the meaning of the term it emphasizes the loving nature of God and describes how to take advantage of this free gift. The Present Situation compares the Apocalypse to a “rite of passage.” God calls on us to love him and our neighbors. Now we’ll reveal whether we’re on his side or not. Rick reads a book a week anthropology, astronomy, geopolitics, particle physics, psychology, spirituality. All these points of view are brought to bear in The Present Situation.
