**White Too Long**-Robert P. Jones 2020-07-28  
Drawing on history, public opinion surveys, and personal experience, Robert P. Jones delivers a provocative examination of the unholy relationship between American Christianity and white supremacy, and issues an urgent call for white Christians to reckon with this legacy for the sake of themselves and the nation. As the nation grapples with demographic changes and the legacy of racism in America, Christianity's role as a cornerstone of white supremacy has been largely overlooked. But white Christians—from evangelicals in the South to mainline Protestants in the Midwest and Catholics in the Northeast—have not just been complacent or complicit; rather, as the dominant cultural power, they have constructed and sustained a project of protecting white supremacy and opposing black equality that has framed the entire American story. With his family's 1815 Bible in one hand and contemporary public opinion surveys by Public Religion Research Institute (PRRI) in the other, Robert P. Jones delivers a groundbreaking analysis of the repressed history of the symbiotic relationship between Christianity and white

supremacy. *White Too Long* demonstrates how deeply racist attitudes have become embedded in the DNA of white Christian identity over time and calls for an honest reckoning with a complicated, painful, and even shameful past. Jones challenges white Christians to acknowledge that public apologies are not enough—accepting responsibility for the past requires work toward repair in the present. *White Too Long* is not an appeal to altruism. Drawing on lessons gleaned from case studies of communities beginning to face these challenges, Jones argues that contemporary white Christians must confront these unsettling truths because this is the only way to salvage the integrity of their faith and their own identities. More broadly, it is no exaggeration to say that not just the future of white Christianity but the outcome of the American experiment is at stake.

**The Confessions of St. Augustine**-Saint Augustine (of Hippo) 1844

**Foundations in Faith**-Karen Griffith 1998-03  
"In our complete series of resources for RCIA you have all you need to make your community's experience of the Rite of Christian Initiation of Adults deeply transformative, not only for the catechumens and candidates, but for all in the community"--Publisher.

### **Jesus and John Wayne: How White Evangelicals Corrupted a Faith and Fractured a Nation**

Kristin Kobes Du Mez  
2020-06-23 NEW YORK TIMES BESTSELLER  
The “paradigm-influencing” book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “a spiritual badass.” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today’s evangelicals might not be theologically astute, but they know their VeggieTales, they’ve read John Eldredge’s *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “Christian America.” Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the “moral majority” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals’ most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, *Jesus and John Wayne* shows that, far from adhering to biblical principles, modern white evangelicals have

remade their faith, with enduring consequences for all Americans.

## **Child Neglect**-Diane DePanfilis 2006

**A Promised Land**-Barack Obama 2020-11-17 A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the

balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

**Children of Blood and Bone**-Tomi Adeyemi 2018-03-06 Zelig Adebola remembers when the soil of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Zelig s Reaper mother summoned forth souls. But everything changed the night magic disappeared. Under the orders of a ruthless king, maji were killed, leaving Zelig without a mother and her people without hope.

**After Utopia**-Judith N. Shklar 2020-04-07 A political philosophy classic from one of the foremost political thinkers of the twentieth century After Utopia was Judith Shklar’s first book, a harbinger of her renowned career in political philosophy. Throughout the many changes in political thought during the last half century, this important work has withstood the test of time. In After Utopia, Shklar explores the decline of political philosophy, from Enlightenment optimism to modern cultural despair, and she offers a critical, creative analysis of this downward trend. She looks at Romantic and Christian social thought, and she shows that while the present political fatalism may be unavoidable, the prophets of despair have failed to explain the world they so dislike, leaving the possibility of a new and vigorous political philosophy. With a foreword by Samuel Moyn, examining After Utopia’s continued relevance, this current edition introduces a remarkable synthesis of ideas to a new generation of readers.

**Religion, Theatre, and Performance**-Lance Gharavi 2011-12-21 The intersections of religion,

politics, and performance form the loci of many of the most serious issues facing the world today, sites where some of the world’s most pressing and momentous events are contested and played out. That this circumstance warrants continued, thoughtful, and imaginative engagement from those within the fields of theatre and performance is one of the guiding principles of this volume. This collection features a diverse set of perspectives, written by some of the top scholars in the relevant fields, on the many modern intersections of religion with theatre and performance. Contributors argue that religion can no longer be conceived of as a cultural phenomenon that is safely sequestered in the “private sphere.” It is instead an explicitly public force that stimulates and complicates public actions, and thus a crucial component of much performance. From mystic theologies of acting to the neuroscience of spirituality in rituals to the performance of secularism, these essays address a broad variety of religious traditions, sharing a common conception of religion as a crucial object of discourse—one that is formed by, and significantly formative of, performance.

**Agnostic-Ish**-Josh Buoy 2016-04-09 This is a book about science, religion, and the world in between. I was born into a Christian family, but fell out of religion and in love with the scientific method. I had little need of faith, I thought, when science could tell me so much more about the world, and ask so little of me in return. But as I aged into young adulthood, a new chapter of my story began. Did I really know why I believed what I believed? How could I be so certain of my convictions when I hadn’t even honestly considered the evidence? This book traces my journey through the furthest reaches of thought, a journey that took me through the realms of psychology, biology, physics, and belief. Could I find a place for faith in the modern world? Or was I right to cast it off as I did?

**Black Like Me**-John Howard Griffin 2006-04-01 This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

**A Course in Miracles**-Foundation for Inner Peace 1996 Offers ecumenical meditations on love, perception, forgiveness, eternal life, and

theoretical concepts in theology

### **Religion, Welfare and Social Service**

**Provision**-Robert Wineburg 2019-04-16 Religion, Welfare, and Social Service Provision: Common Ground delves deeply into the partnerships forged between religious communities, government agencies and nonprofits to deliver social services to the needy. These pages offer a considered examination of how local faith entities have served those in their midst, and how the provision of those services has been impacted by evolving social policies. This foundational volume brings together the work of more than two dozen leading researchers, each providing long overdue scholarly inquiry into religiously affiliated helping and the many possibilities that it holds for effective cooperation.

**Born a Crime**-Trevor Noah 2016-11-15 #1 NEW YORK TIMES BESTSELLER • The compelling, inspiring, and comically sublime story of one man's coming-of-age, set during the twilight of apartheid and the tumultuous days of freedom that followed NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Michiko Kakutani, New York Times • USA Today • San Francisco Chronicle • NPR • Esquire • Newsday • Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories

collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love. Praise for Born a Crime "Compelling . . . By turns alarming, sad and funny, [Trevor Noah's] book provides a harrowing look, through the prism of Mr. Noah's family, at life in South Africa under apartheid. . . . Born a Crime is not just an unnerving account of growing up in South Africa under apartheid, but a love letter to the author's remarkable mother."—Michiko Kakutani, The New York Times

**The Second Reconstruction**-Gary Donaldson 2000 This text traces the history of the civil rights movement in the years following World War II, to the present day. Issues discussed the Civil Rights Act of 1964, the Voting Rights of 1965, and the Northern Ireland ghetto's.

**Call to Family, Community, & Participation**-Uscsb 1993-12 Book 2 in the Faith Sharing series focuses on the call to family, community, and participation as a theme of Catholic social teaching.

**A Century of Dishonor**-Helen Hunt Jackson 1881

**Strategies That Work, 3rd Edition**-Stephanie Harvey 2017 In this new edition of their groundbreaking book Strategies That Work, Stephanie Harvey and Anne Goudvis share the work and thinking they've done since the second edition came out a decade ago and offer new perspectives on how to explicitly teach thinking strategies so that students become engaged, thoughtful, independent readers. Thirty new lessons and new and revised chapters shine a light on children's thinking, curiosity, and questions. Steph and Anne tackle close reading, close listening, text complexity, and critical

thinking in a new chapter on building knowledge through thinking-intensive reading and learning. Other fully revised chapters focus on digital reading, strategies for integrating comprehension and technology, and comprehension across the curriculum. The new edition is organized around three sections: Part I provides readers with a solid introduction to reading comprehension instruction, including the principles that guide practice, suggestions for text selection, and a review of recent research that underlies comprehension instruction. Part II contains lessons to put these principles into practice for all areas of reading comprehension. Part III shows you how to integrate comprehension instruction across the curriculum and the school day, particularly in science and social studies. Updated bibliographies, including the popular "Great Books for Teaching Content," are accessible online. Since the first publication of *Strategies That Work*, more than a million teachers have benefited from Steph and Anne's practical advice on creating classrooms that are incubators for deep thought. This third edition is a must-have resource for a generation of new teachers--and a welcome refresher for those with dog-eared copies of this timeless guide to teaching comprehension.

**American Catholic**-D. G. Hart 2020-10-15  
American Catholic places the rise of the United States' political conservatism in the context of ferment within the Roman Catholic Church. How did Roman Catholics shift from being perceived as un-American to emerging as the most vocal defenders of the United States as the standard bearer in world history for political liberty and economic prosperity? D. G. Hart charts the development of the complex relationship between Roman Catholicism and American conservatism, and shows how these two seemingly antagonistic ideological groups became intertwined in advancing a certain brand of domestic and international politics. Contrary to the standard narrative, Roman Catholics were some of the most assertive political conservatives directly after World War II, and their brand of politics became one of the most influential means by which Roman Catholicism came to terms with American secular society. It did so precisely as bishops determined the church needed to update its teaching about its place in the modern world. Catholics grappled with political conservatism long before the supposed rightward turn at the time of the *Roe v. Wade* decision in 1973. Hart

follows the course of political conservatism from John F. Kennedy, the first and only Roman Catholic president of the United States, to George W. Bush, and describes the evolution of the church and its influence on American politics. By tracing the roots of Roman Catholic politicization in American culture, Hart argues that Roman Catholicism's adaptation to the modern world, whether in the United States or worldwide, was as remarkable as its achievement remains uncertain. In the case of Roman Catholicism, the effects of religion on American politics and political conservatism are indisputable.

**The Presidency of George W. Bush**-Julian Zelizer 2010-09-13  
The Presidency of George W. Bush brings together some of today's top American historians to offer the first in-depth look at one of the most controversial U.S. presidencies. Emotions surrounding the Bush presidency continue to run high--conservatives steadfastly defend its achievements, liberals call it a disgrace. This book examines the successes as well as the failures, covering every major aspect of Bush's two terms in office. It puts issues in broad historical context to reveal the forces that shaped and constrained Bush's presidency--and the ways his presidency reshaped the nation. The Presidency of George W. Bush features contributions by Mary L. Dudziak, Gary Gerstle, David Greenberg, Meg Jacobs, Michael Kazin, Kevin M. Kruse, Nelson Lichtenstein, Fredrik Logevall, Timothy Naftali, James T. Patterson, and the book's editor, Julian E. Zelizer. Each chapter tackles some important aspect of Bush's administration--such as presidential power, law, the war on terror, the Iraq invasion, economic policy, and religion--and helps readers understand why Bush made the decisions he did. Taking readers behind the headlines of momentous events, the contributors show how the quandaries of the Bush presidency were essentially those of conservatism itself, which was confronted by the hard realities of governance. They demonstrate how in fact Bush frequently disappointed the Right, and how Barack Obama's 2008 election victory cast the very tenets of conservatism in doubt. History will be the ultimate judge of Bush's legacy, and the assessment begins with this book.

**Living Your Strengths**-Albert L. Winseman 2004-10-10  
A "strengths"-based guide to inspiring congregations presents a unique plan

for building community by encouraging individuals to share their talents with the group.

**O Death, Where Is Thy Sting?**-Hoover, Joe  
2020-12-16

**Things Fall Apart**-Chinua Achebe 2008 'Things Fall Apart' tells the story of Okonkwo, an important man in the Igbo tribe in the days when white men were first on the scene. Okonkwo becomes exiled from his tribe, as a result of his pride and his fears, with tragic consequences.

**Parenting Matters**-National Academies of Sciences, Engineering, and Medicine 2016-11-21  
Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and

practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

**Hillbilly Elegy**-J. D. Vance 2018-05-01 THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this

country.

**Usability Assessment**-Philip Kortum 2016-11-15  
Usability Assessment is a concise volume for anyone requiring knowledge and practice in assessing the usability of any type of product, tool, or system before it is launched. It provides a brief history and rationale for conducting usability assessments and examples of how usability assessment methods have been applied, takes readers step by step through the process, highlights challenges and special cases, and offers real-life examples. By the end of the book, readers will have the knowledge and skills they need to conduct their own usability assessments without requiring that they read textbooks or attend workshops. This book will be valuable for undergraduate and graduate students; practitioners; usability professionals; human-computer interaction professionals; researchers in fields such as industrial design, industrial/organizational psychology, and computer science; and those working in a wide range of content domains, such as health care, transportation, product design, aerospace, and manufacturing.

**Document-Based Assessment for Global History**-Theresa Noonan 2007-01-01  
Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

**Pope Francis**-Eduardo J. Echeverria 2019-05-15  
Professor Echeverria does a thorough job of drawing from the pre-papal writings of Jorge Mario Bergoglio and the man's current papal writings, talks, and sermons to discover and document the continuity in thought Francis has with the councils. Echeverria compares Francis's discourse with that of his papal predecessors in the era since Vatican II. He draws heavily on the documents of Vatican II and the theology of doctrinal development stemming from the First Vatican Council and embraced by Vatican II. Not left out is the modern ecumenical movement from both the Reformed and Catholic side.

**Faith First**-RCL Benziger Publishing 2007  
Leads young people to study and apply principles of

Catholic morality.

**The Legacy of John Paul II**-Tim Perry 2007-10-16 - Redemptoris missio, into all the world / Terrance L. Tiessen.

**Courageous Faith**-Ed Hindson 2003-08-10  
Obstacles\* Battles\* Weakness\* Fears\* Learn to face life's greatest challenges with courageous faith in the power of God. Faith is the key that unlocks the power of God in our lives. It enables us to live by His promises and experience His blessings in our personal lives. In COURAGEOUS FAITH, Ed Hindson encourages us to live beyond the normal limits of life and experience the unlimited power of God on a regular basis. based on the lives of the Hebrew heroes of the Old testament, this exciting book challenges us to overcome our barriers, conquer our fears, realize our goals, and start over when we fail. Relive the greatest moments of faith and triumph in the lives of the men of God who dared to believe His promises in their lives. This practical and powerful study is based on the lives of the Hebrew heroes who dared to believe that God keeps His promises ABRAHAM The Journey of Faith SAMSON Making Them Your Strengths JACOB Hanging Tough in the Tough Times BOAZ Especially those Who are Different JOSEPH Starting Over When it All Falls Apart DAVID Confidence in the Face of Danger MOSES Overcoming Your Past JONATHAN Value of True Loyalty JOSHUA Conquering The Opposition DANIEL Developing Spiritual Determination GIDEON Overcoming Your Fears NEHEMIAH Leaving a Legacy You Can Be proud Of JEPHTHAH Even When it Costs You

**Popular Sufism in Eastern Europe**-H T Norris 2007-01-24  
This is a detailed description of the various Sufi orders and movements which entered into the Balkans, the Crimean peninsula and other parts of Eastern Europe following the Ottoman conquests. Many of the Sufis came from Christian societies, principally from an Eastern Orthodox background, but others, such as the Bosnians, from churches that were accused or suspected of heterodoxy of belief and of antinomianism. These beliefs, together with pre-Christian beliefs, influenced by Manicheism, Dualism and pantheism, left their mark on Sufi Islam. The book concentrates on the Bosnians, Bulgarians, Albanians and Tatars. Their Sufism

reflects their national aspirations, and their writings fuse their mysticism, national faith and folklore in a Sufism which is quite distinct from that in other regions of the Muslim world.

**Church at the Turning Points of History-**  
Godfrey Kurth 2019

**Faith and the Presidency From George Washington to George W. Bush-**Gary Scott Smith 2006-10-12 In the wake of the 2004 election, pundits were shocked at exit polling that showed that 22% of voters thought 'moral values' was the most important issue at stake. People on both sides of the political divide believed this was the key to victory for George W. Bush, who professes a deep and abiding faith in God. While some fervent Bush supporters see him as a man chosen by God for the White House, opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state. In fact, Gary Scott Smith shows, none of this is new. Religion has been a major part of the presidency since George Washington's first inaugural address. Despite the mounting interest in the role of religion in American public life, we actually know remarkably little about the faith of our presidents. Was Thomas Jefferson an atheist, as his political opponents charged? What role did Lincoln's religious views play in his handling of slavery and the Civil War? How did born-again Southern Baptist Jimmy Carter lose the support of many evangelicals? Was George W. Bush, as his critics often claimed, a captive of the religious right? In this fascinating book, Smith answers these questions and many more. He takes a sweeping look at the role religion has played in presidential politics and policies. Drawing on extensive archival research, Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important. Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and, in turn, the course of our history.

**Book of Mormon-Covenant** 2003-09-01 Bonded-leather with over 70 breathtaking images and gift box 50% discount.

**The Long American Revolution and Its Legacy-**Lester D. Langley 2019 "This book brings together the author's personal and professional link to the long American Revolution in a narrative that spans more than 150 years and places the Revolution in multiple contexts -- from the local to the transatlantic and hemispheric and from racial and gendered to political, social, economic, and cultural perspectives. A descendant on his father's side from a long line of Kentuckians, the author grew up torn between a father who embodied the Revolution's poor white male driven by economic self-interest and racial prejudices and a devoted and pious mother who saw life and history as a morality play. The author's intellectual and professional 'encounter' with the American Revolution came in the 1960s as a young historian specializing in U.S. foreign relations and Latin American history, an era when the U.S. encounter with the Cuban Revolution in the hemisphere and the civil rights movement at home served as reminders of the lasting and troublesome legacy of a long American Revolution. In a sweeping narrative that incorporates both the traditional, iconic literature on the Revolution and more recent works in U.S., Canadian, Latin American, Caribbean, and Atlantic world history, the author addresses fundamental questions about the Revolution's meaning and legacy"--

**The Catholic Church-**Hans Kung 2001 The renowned theologian and historian presents a landmark history of the Roman Catholic Church, from its origins to the present day, that discusses the role of the papacy, the schisms that split the church, and the role of the Catholic Church in the twenty-first century as it confronts issues of women's rights, scientific development, and more. 35,000 first printing.
